#### **Conference Presentation:**

Tuesday, September 21st

**Time:** 1:00 pm

An international leader in the soil health movement, Jimmy served as the regional coordinator for USDA's Farm Production and Conservation Program. He recently joined the Oklahoma Conservation Commission as its Soil Health Mentoring Coordinator.

Jimmy and his wife Ginger, manage 2,000 cropland acres and 5,000 rangeland acres with regenerative agriculture techniques in Dewey County Oklahoma. Their annual Rainfall is 20" give or take 20" Jimmy says. They received Oklahoma's first Leopold Conservation Award in 2017.
