MEMBERSHIP LEVELS

The Lake of the Arbuckles Watershed Association (LAWA) is a group of landowners, community members, and partners working together to protect and improve the health of our watershed. We believe that strong conservation efforts begin with local people, and that by sharing knowledge and resources we can ensure clean water, healthy land, and a sustainable future for generations to come. Membership in LAWA means joining a network of neighbors who care about the same things you do—protecting the places we call home. We offer several membership options to fit the needs of individuals, partners, and businesses.

Individual Landowner Membership – \$25/year

Our Individual Membership is perfect for landowners and community members who want to get involved. Members have the chance to network with other landowners, access equipment and watershed coordinators, and take part in educational opportunities. Individual members are also eligible to serve on the LAWA Board of Directors, providing a direct voice in shaping the direction of our association.

Gold Partner Membership – \$50/year

The Gold Partner Membership is designed for those who want to deepen their engagement. Gold Partners receive recognition for their support, a letter of support from LAWA for conservation or research efforts, and valuable opportunities to collaborate with other members on projects or grants—all in addition to the educational resources available to every member.

Platinum Corporate Membership – \$250/year

Our Platinum Corporate Membership is tailored for businesses and organizations that share our commitment to watershed health. Platinum members receive public recognition as key partners, a letter of support to strengthen future projects or collaborations, and opportunities to connect with other members for potential research and grant partnerships, while also benefiting from our education programs.

No matter which membership you choose, your support directly contributes to the protection and improvement of the Lake of the Arbuckles watershed. Together, we can build a stronger, healthier future for our land, water, and community. At the end of each year, you will also receive a review highlighting the impact of your contributions and the progress we've made together.

Sponsorship Levels: (*check boxes*)

☐ **Watershed Friend – \$250**

A Watershed Friend sponsorship helps provide education and outreach opportunities that connect landowners and community members with the tools they need to protect the watershed.

☐ **Watershed Partner – \$350**

As a Watershed Partner, you support hands-on projects and collaborations that improve water quality, strengthen land stewardship, and encourage conservation practices in the Arbuckles.

☐ **Watershed Leader – \$500**

Watershed Leaders sustain the core work of LAWA by helping us build strong partnerships, pursue grants, and expand conservation efforts that safeguard the Lake of the Arbuckles for future generations.

LAWA

Board of Directors

The Lake of the Arbuckles Watershed Association (LAWA) was founded on a simple but powerful belief: when we work together, we can protect and improve the land and water resources that sustain our communities. The Arbuckle Mountains and surrounding watersheds are not only vital to our environment, but also to our families, livelihoods, and future generations.

Our mission is to bring landowners, citizens, and community partners together to conserve and enhance the health of the Lake of the Arbuckles watershed. By focusing on water quality, soil health, grassland management, and conservation practices, we are building a stronger, more sustainable region.

Our Board of Directors is made up of local landowners and community leaders who share a commitment to protecting the watershed for future generations. As a board, we believe that lasting change begins with the people who live and work on the land. That's why we invite landowners to join LAWA—to share knowledge, access resources, and be part of a collaborative effort to improve water quality, conserve natural resources, and strengthen our community.

President, Larry Keenan

Vice President, Ronald Trett

Secretary, Ty Albright

Treasurer, Marilyn Bearden

Members: Dusty Baker, Bill Wright, Charles Rohla, and Jerry Lancaster
